Shirt Information and Cost Breakout: Club members have two brands of shirts to select from depending upon the shirt fabric they desire. For all shirts, the first logo you choose is included in the price of the shirt. If you desire a second screen print on T-Shirts, the additional charge is \$4.00. Club shirt color is the light blue or Carolina blue, if light blue is not available in the shirt brand / style. Other colors are available at no extra charge. Light shirt colors are recommended to keep the logo from blending in with the shirt. Recommended light shirt colors are listed by shirt brand / style. Websites have been provided below by shirt brand for you to reference.

Logo Information: All logo designs are based on our five color club patch. There are two 4-inch screen print logo designs to choose from for the front left chest area, and one 11-inch screen print logo design for the back of the T-Shirt. The 11-inch screen print logo can be printed on the front of the T-Shirt instead of a left chest print. As mentioned under the shirt information, for all shirts, the first logo you choose is included in the price of the shirt. If you desire a second screen print on T-Shirts, the additional charge is \$4.00. The 4-inch embroidered logo design is recommended for the Polo Shirts only, due to a tendency for the logo to wrinkle / pucker on the T-Shirts.
